- If you want the genetics out of the hottest red buck in the industry and one of the top dapple does, BSMF Michelangelo delivers that combination for you.
- Sire: Show Me Boers Semper Fi (sired many champions and sale toppers the last 2 years)
- Dam: Stone-Leady Play Easy with Me = 1 of the top placing dapple does 2 years in a row at Nationals and mother to many champions for BSMF.
- Michelangelo was the Overall Grand Champion buck at the 2022 Fort Worth Stock show (joining a very small list of Colored bucks to win a major show in the USA) and a 2 time champion at the Illinois State Fair.

Johnny has been making a huge impact on our herd, and we are breeding and flushing our top does to him. The quality, consistency and color of his offspring blows us away with each set of kids that hits the ground. We have had over 75 kids sired out of Johnny here at BSMF = 100% correct on bites, pigment and teat structure. He is consistently throwing lots of dapples, reds and paints when bred to any doe of color or dappling and lots of reds and paints when bred to traditional colored does. Johnny sired BSMF Fallout who was the Overall Grand Champion Buck at NAILE 2022 open show and many other promising show prospects. We have sold over \$100k in Johnny offspring in the last 6 months and many more prospects to be sold this spring in our sale consignments. Most consistent stud buck to ever stand in our buck line up at BSMF.

- You can study a lot of registrations and you will not find many that have 4 National Grand Champions listed like Yellowstone. Generation after generation of proven genetics getting it done in the breeding pen and on the biggest show stage in the industry. Yellowstone collected many banners during his show career for Cecelia, but he has been retired to focus on producing the next generation of champions for us and others around the country. We have had some enormous bucks here at BSMF over the years, but none of them have had the foot and bone, height and neck extension that Yellowstone has! We like them big and rugged. Visitors blown away by the quality in Yellowstone and his offspring.

- His oldest daughter (owned and shown by Noah Teel) has been doing great things in the showing: Overall Grand Champion fullblood doe at the Tulsa State Fair, 9-12 class winner at NAILE and at Fort Worth Reserve Yearling title.

- Yellowstone will improve for you: Large correct feet, leg bone like a steer, height off the ground, Neck extension, and super long bodied that is hard muscled.

HOBBY MASTERPIECE has taken years to develop! From acquiring the Ruger semen to finding the perfect mate, and then getting lucky enough to get a black dappled male and female that are outstanding individuals. Now that we have his kids on the ground and see how outstanding they are, it's time to make him more broadly available! A reminder that his full sister sold in the 2023 Elite Doe sale as the High Selling Doe. As you would expect from Ruger, the structural correctness is extremely on point, the muscle pattern (especially tops) is modern and dimensional, and the size is above average. The bottom side of the pedigree features Asteroid, who is nearing Ennoblement with 4 offspring producing points along with herself. Asteroid is a phenomenal, consistent, and fertile flush doe with a deep pedigree including Coppertox, AK-47, King Pin, Cop Out, Ripper's full brother Jack, Eggsfile, Yabukova, 84S National Grand Champion, the Wobbles and Cassiopeia girls. Over the years these genes have amassed a plethora of show points while being productive breeders that know how to reproduce and make your operation profitable. The Masterpiece offspring have been average on birth weights, another important factor to be mentioning more in the Boer goat circles. Take HOBBY RUGER'S MASTERPIECE M2317 into your genetic program to produce the next generation of masterpieces and headliners!
